What's included in a care plan?

Eligible Virta members are covered for clinical care, personalized plans, and health tools.

Online care app (mobile/desktop)

Clinician support

Personal nutrition plan

Recipes, meal plans, and food lists

Daily health coaching

Health tracking tools (scale, meter, strips)

Is Virta right for me?

Virta takes a personal approach to care. This has helped members of diverse backgrounds, needs, and lifestyles find success.

Virta is not a good fit if you:

How do I enroll?

New members must apply and complete a health screening to enroll in Virta. Benefit eligibility is confirmed during the application stage. During the health screening stage, applicants will share lab work results and meet with a clinician to be cleared for care.
